This Camp is specifically designed for players looking to elevate their current skillset to a collegiate level. We offer future collegiate prospects the opportunity to watch our team practice, followed by a 2-hour **Position and Hybrid Crossover Camp!** Led by Head Coach, Aaron Goodman, and the Shoremens Basketball Staff, we will incorporate challenging player development drills, team concepts, and mental approaches we use with our players to enhance their offensive abilities that have led to significant individual and team statistical improvement!

We invite you to come enhance your potential as a player! Versatility is essential to be an impactful collegiate basketball player. We will have small focus groups for guard and forward development. Each player can choose to remain with their “position” or crossover to grow as a “Hybrid” player with the other group, building their skillset on the perimeter and in the post.
